

INTERNAL JOB POSTING

Maintenance Manager

Super 8 Fort McMurray

Fort McMurray, AB

Department: Maintenance	Reporting to: General Manager
-------------------------	-------------------------------

This is an excellent opportunity for an experienced, hands-on maintenance professional to get some Northern work experience in a busy hotel property.

BASIC RESPONSIBILITIES:

The Maintenance Manager is responsible for completing preventative maintenance on all hotel equipment, in accordance with property policies and procedures, while ensuring that municipal and provincial codes are adhered to. By maintaining the preventative maintenance schedule and promptly advising the General Manager of any equipment malfunctions, unsafe devices or existing conditions, the Maintenance Manager will ensure the safety and security of each and every guest.

SKILLS, ABILITIES & QUALIFICATIONS:

- Graduate of a recognized trade school
- A minimum of 3 years commercial building experience
- Must be able to complete minor repairs on electrical, plumbing, drywall, HVAC, etc.
- Excellent knowledge of various types of equipment
- Ability to diagnose malfunctions and repair unsafe equipment
- Exceptional organizational and analytical abilities, with an eye for detail
- Able to work independently or as part of a team

Hours of Work: Shift Work	Rate of Pay: Salary - Full Benefit Package	Number of Positions: 1 Full time, permanent
